Mr. P.D. Carey, Jr.,  

A Chara,

You will doubtless have read in the Irish papers of the First General Meeting of the Anti-Partition of Ireland League (London) which was held last Sunday.

The Provisional Executive have instructed me as Hon. Secretary to inform you of our address with a view to establishing close relations between our respective Organisations at an early date.

I should explain that the address is a temporary one and that the office is booked in my name as an individual so that any communications should be addressed to me personally.

I hope to let you have in the near future a report on our progress to date and particulars of our future programme.

Is mise,

Hon. Secretary of the  
Anti-Partition of Ireland League.
